President's Message

Welcome to 2020

As we begin a new year and a new decade, we look forward to the many outstanding opportunities Learning in Retirement offers! I will be your new president this year, following Don Neumann, who has been a dedicated, thorough, and well-organized leader for the past two years. It is with great admiration that I add my personal thanks and appreciation to Don for his leadership.

We are fortunate to have so many dedicated folks serving on our committees who organize and facilitate our course offerings and educational trips. Our course offerings and trips are listed in this edition of the newsletter, and you will find that you are enriched by participating in one or more of these. We also have more than 10 clubs that provide a wonderful opportunity for fellowshiping and making new friends. I sincerely hope you will take advantage of these excellent opportunities to continue to learn and grow in your retirement years.

One of the best ways to learn about LIR is to read the newsletter and attend the winter membership meeting on January 15th. Members of the Curriculum Committee, Educational Travel Committee, and Clubs will be at tables ready to answer your questions and sign you up for the various courses, trips, and club offerings.

I look forward to assisting you with any questions you have regarding LIR and urge each of you to become involved. If you only attend our classes, continue to do so, but do try one of our educational trips. And if you are only a traveler, try one or more of our course offerings. Also, don't forget the opportunities our clubs provide.

I hope this will be a great year for you as you are enriched through your participation in LIR. We are now well over 400 strong in membership.

Steve Buchholz
LIR President

MESSAGE FROM OUR OUTGOING PRESIDENT

Two Years Have Flown By!

I cannot believe that two years have gone by since I became president of Learning In Retirement. They say that time passes quickly---and they are right!

All of the volunteers associated with LIR have done a great job over the past two years. Roughly speaking, we have had almost 40 courses and 40 trips along with various club meetings too numerous to mention. That translates to literally thousands of hours of work by our volunteers. I am very grateful for that effort. Volunteers make LIR a success.

We also have a Board of Directors which provides vital input into LIR policies and procedures. The board has dealt with some thorny issues that have been resolved to everyone's satisfaction. To all current and past board members, "Thank you."

It would be impossible to be an effective organization without our part-time office staff. They are dedicated to their work and provided me and numerous LIR members with help when we needed it. To them I say, "Keep up the good work; we could not do it without you!"

Last, I wish our incoming president, Steve Buchholz, the best. I am sure he will do a fantastic job for a fantastic organization.

Don Neumann
President 2018-2019

Hello and greetings from Lincoln University

Making Noise and Learning How

Jefferson City/Linn, MO

Tuesday, February 4, 2020

Have you ever wondered how magazines, promotional material, and documents are printed and mailed, or how young adults are trained to enter the workforce in an ever more technical world? **Making Noise and Learning How** is a tour of Modern Litho and State Technical College of Missouri.

Modern Litho will be our first stop. For eight decades, both local and national companies seeking excellence in commercial and digital print have trusted Modern Litho for their communication and marketing needs. You will see (and hear some noise) in their layout, printing, and mailing processes in their 84,000 square foot plant.

After hearing some noise at Modern Litho and a tasty lunch at Oscar's (included in your registration fee), we are off to State Technical College in Linn.

We will learn how "tech" students are trained to make noise in 30+ different technical programs. From Agriculture & Turf Management to Welding Technology, students learn skills that provide opportunities for good jobs and productive lifestyles. In 2018, Forbes Magazine ranked State Technical College of Missouri the third-best community college in the nation. The typical graduating student can expect a 98% chance of being hired in their job of choice.

After a busy day of noise, learning, and good food, we will return to Jefferson City, arriving at the Walmart parking lot by 4:45 p.m.

Depart: 9:15 a.m.

Return: 4:45 p.m.

The Bodyguard Capital City Productions Saturday, February 22, 2020

Join us for an unforgettable afternoon of music when Capital City Productions presents *The Bodyguard*. At the time of this newsletter publication, Capital City Productions has not announced their new home, but we are assured they have one. We'll let you know that address in the informational letter we send out several weeks before the show.

The Bodyguard is a 2012 stage musical written by Alexander Dinelaris, based on the 1992 film *The Bodyguard*, with the score featuring songs recorded by Whitney Houston including "One Moment in Time," "I Wanna Dance with Somebody" and her cover version of Dolly Parton's "I Will Always Love You."

The story line goes like this: Rachel Marron is one of the most famous singers around but is unaware that a stalker has been sending her deranged and disturbing death threats. She continues to perform while her manager searches for a bodyguard that can protect her ("Queen of the Night").

Frank Farmer is a former Secret Service Agent hired to serve as Rachel's bodyguard. Frank manages to get into Rachel's mansion without needing any clearance and explains that security needs to be heightened, but Rachel is oblivious to her stalker's threatening notes and believes that she is perfectly safe. Frank watches as Rachel rehearses one of her songs with her ten-year-old son Fletcher ("How Will I Know").

Frank equips Rachel's mansion with security, and Fletcher imprints on him, looking up to Frank as a fatherly figure. Rachel sees them interacting and tells Frank that she doesn't want him interacting with her family.

Realizing that her son and sister are in as much danger as she is, Rachel tells Frank that she will do whatever he says if it will keep them protected. Later, Rachel tells Frank about her and her sister's dream of winning an Oscar and decides to do whatever he says for her sister.

NOAH Branson's Sight & Sound Theatre Tuesday, March 24, 2020

With a catastrophic storm on its way, one man is given a monumental task: build a boat big enough to save his family from a flood that will cover the entire earth. But they won't be alone.

This landmark production of NOAH takes you on board one of the world's best-known voyages, as live animals fill the stage and aisles. Set sail inside the enormous ark as this extraordinary Bible story comes to life all around you! Sight & Sound Theatre expertly combines original music and script with unforgettable acting, special effects, vibrant costuming, and live animals.

Take this opportunity to see NOAH as it returns to Branson's Sight and Sound Theatre for one season only!

We have included a 60-minute, Behind the Scenes Tour. Discover the technology and ingenuity that powers the dramatic complexity of each show. You'll visit the nerve centers that keep the lights, sound, stage, and even animals, on cue. You'll also glimpse a state-of-the-art scene shop creating sets for upcoming shows. Learn about the process involved in bringing a story to life, and step up to the stage for an actor's view at the incomparable Branson Theatre.

The day will start with our departure from the Stadium Walmart parking lot at 7:15 a.m. After a short comfort stop, we will have an early lunch at Lambert's Café in Ozark, MO (on your own). We will arrive in Branson just in time to take the 1 p.m. Behind-the-Scenes Tour.

There will be a break of approximately an hour and 15 minutes between the tour and the show, so we will use this time for a "snack" break, returning to the Theatre to watch *NOAH*.

**A Train, Some Toys, A Few Gangsters,
and A Flying Carpet**

Kansas City, MO

Thursday-Friday, April 23-24, 2020

All aboard! Join us as we travel to Kansas City to experience Union Station, a Broadway Show, a guided mob tour, lunch at a world famous BBQ, and a toy and miniature museum.

Day One: We will meet our coach at the Stadium Walmart parking lot, load our luggage, and depart for a short ride to the Jefferson City Train Depot at 10:45 a.m. on Thursday, April 23, 2020. Leaving our luggage on the coach, we will board the 11:36 a.m. MISSOURI RIVER RUNNER with Union Station, Kansas City, as our destination.

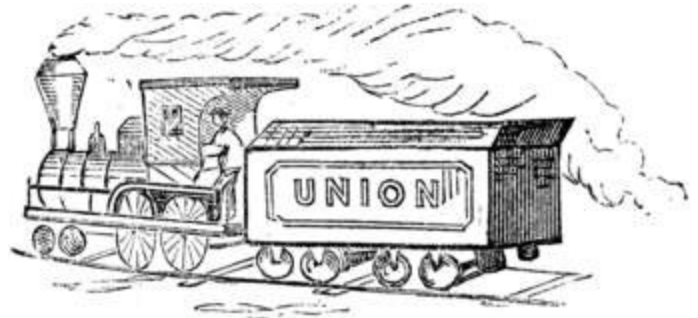

Because we will be on the train over the lunch hour, please bring along your lunch—or be prepared to purchase your meal from the dining car. The train is scheduled to arrive at Union Station at 2:55 p.m. Our coach and driver will meet us there, and take us to our hotel to freshen up for our evening at the Kansas City Music Hall!

We will be staying at the Drury Inn and Suites in Shawnee Mission, Kansas. After checking in and freshening up, we will gather for their 5:30 p.m. Kickback Reception (complete with three adult drinks)! At 6:30 p.m. we will once again board our coach for downtown KC to see *Aladdin: The Musical* which starts at 7:30 p.m. *Aladdin* has been entertaining audiences all over the United States.

Our seats at the Music Hall are fantastic. The Loge section hovers over the main level, and gives an unobstructed view of the stage. We are in the box seats (6-10 chairs per box), which means extra leg room and not crawling over 16 people to reach your seat. The Loge section is small (less than 10 rows), so there's not a lot of walking involved after you take the elevator to that floor. The musical runs for almost two hours with one intermission. We should return to our hotel by 10:45 p.m.

Day Two: We will begin with a complimentary HOT breakfast at the hotel. Our first tour of the day doesn't begin until 10 a.m., so sleep in, exercise in the fitness room, or get your 10,000 steps in before we board the coach at 9:30 a.m.

At 10 a.m., our Gangster Tour will begin at Union Station. A step-on guide will give us the "inside" scoop on this amazing era. The Kansas City Gangster Tour is an interactive experience that tells the story of Boss Tom Pendergast's era in Kansas City.

Tour guide Johnny Holiday, with the help of some friends on Gangster TV, conducts the tour.

Guests will see the locations of speakeasies, sites of infamous murders, pictures and video from the period, and learn the meaning of "Wide Open Town." During this period in its history, Kansas City had it all, and you will hear the full story. The Kansas City Gangster Tour is celebrating 20 years as the longest running historic tour of Kansas City. Sounds like "an offer you can't refuse."

A buffet lunch (included) will be at the world famous Fiorella's Jack Stack Barbecue at the Freight House. Set in the burgeoning Crossroads Art District, the converted Freight House will wow you with its 25-foot ceilings, fireplace lounge with full-service bar, and indoor private dining. Jack Stack was named the highest-rated BBQ in the country and most popular restaurant in KC by the prestigious Zagat Survey.

At 1 p.m., we will drive to the National Museum of Toys and Miniatures. The National Museum of Toys and Miniatures preserves and exhibits one of the nation's largest collections of antique toys and the world's largest collection of contemporary, fine-scale miniatures. If you want to find out more about the museum and its collection, please check out their website (toyandminiaturemuseum.org) or their blog Small Talk at toyandminiaturemuseum.org/blog.

We will depart Kansas City around 3 p.m. and should be back at the Stadium Boulevard Walmart at approximately 6:15 p.m. (with, of course, the mandatory comfort/ice cream stop along the way).

Depart: 10:45 a.m., Thursday, April 23

Return: 6:15 p.m., Friday, April 24

Osage County Ambulances, Farms & Flowers Wednesday, May 6, 2020

Join us as we explore our neighbor, Osage County. We'll depart the Walmart parking lot on Stadium Blvd. at 8:30 a.m. on May 6. After we stop for a brief restroom break at the Osage County Community Center, a step-on guide will join us for the day.

Then it's on to Osage Industries where we'll have a tour of the factory, which has been in operation for 35 years. It began by building personal-use conversion vans. As it moved into the production of emergency vehicles, it began to create high-quality custom ambulances for communities across America.

Our next stop is nearby, a visit to Linn's St. George Catholic Church, which started in 1866. The present building was dedicated in May 1976, but recently the entire sanctuary was renovated. A member of the parish will be greeting us and be available to answer any questions about the church and school.

A homemade lunch of German pot roast, mashed potatoes, cabbage slaw, and a vegetable will then be served right at the church by the St. Ann's Sodality. Very important--we'll be treated to some yummy homemade desserts!

After lunch, we return to the coach and, after a short drive, will be at the Seven Thunder Bison Farm where we'll be joined by Steve Smyth. He will share the history of their operation, and you will have a close-up view of the bison without getting off the coach.

Next, we'll visit one of the largest farming operations in the Chamois river bottom, the Paulsmeyer Family Farms. They are a sixth-generation farm, and, besides raising corn and soybeans, they grow sweet corn, melons, and pumpkins. They will be sharing their story about the 2019 floods as well as demonstrating some of the equipment they use in their operation.

To end our tour of Osage County, we head to Dudenhoeffer's Countryside Gardens in their picturesque location near Frankenstein. They will visit with us about their operation before turning us loose in their large array of plants, trees, and other garden accessories that we can purchase. Heads up: this is the Wednesday before Mother's Day so, guys, this is a great opportunity to find something for that special woman in your life. And, ladies, it's okay to treat yourselves too!

We'll load up once more, and, after a brief comfort stop at McDonald's near Linn, head back to Jefferson City, returning at approximately 5:00 p.m.

Depart: 8:30 a.m.

RUMORS: A Farcical Mystery Royal Theatre, Versailles Sunday, May 17, 2020

Join us for a beautiful Sunday in spring with a leisurely trip to "exotic" Cole Camp for lunch and shopping at the unique Handel House Tea Room and gift shop, followed by a theater production at the Royal Theatre in Versailles.

If you have not been to Handel House, you are in for a treat. First of all, it is located in Cole Camp, a small town south of Versailles that was settled by Germans and retains the charm of the last century. The shop is in a very old storefront in downtown Cole Camp and has all sorts of interesting ware including, but not limited to, jewelry, collectibles, décor, scented products, furnishings, clothing, and an assortment of antiques. Due to the age of the building, no elevators are available to upper display and basement areas, which both have steep steps. So be aware that if you have mobility concerns, you may not want to experience the entire store.

We will enjoy a menu of their homemade goodies in the Tea Room (included in trip cost) and then shop for a bit before heading to the Royal Theatre in Versailles to see a production of Neil Simon's **RUMORS**, a farcical mystery set in a large county home just outside of New York. Four couples arrive at the tenth anniversary celebration party for the deputy mayor and his wife, only to find the mayor wounded in bed and his wife missing. Rumors of murder and mayhem abound before all is resolved.

Following the production, we will return home to the Walmart parking lot.

Depart: 9:30 a.m.

Rollin' with the Rivers

Great Rivers Road Trip

Wednesday-Thursday, June 10-11, 2020

Rivers are such an important part of our country's story, and on this trip we're going to explore and experience two of the major arteries that make up the Midwest's history: the Mississippi and Illinois Rivers.

We leave early Wednesday morning, June 10, from the Walmart parking lot on Stadium Blvd. and, after a comfort stop at Warrenton, head for the Missouri History Museum located in St. Louis. We'll have a guided tour of their newest exhibit, *Mighty Mississippi*. Discover the regional heritage of the Middle Mississippi watershed as revealed through a diverse range of stories and artifacts that stem from the Mother of Rivers and its tributaries. Through this mix of historic objects, images, and media, *Mighty Mississippi* will also shed light on how sustaining surrounding communities have long depended on wisely caring for the river environment and its resources. Our guided tour will be about one hour in length followed by one-half hour to soak up more on our own.

We'll have lunch at the museum's Café St. Louis (included in cost of trip) before we head across the Mississippi River to Alton, IL, and the National Great Rivers Museum and the Melvin Price Locks & Dam. Our group will rotate between a guided tour of the lock structure, their movie, and museum.

(Continued in next column)

The Locks and Dam, constructed between 1978 and 1994, help control the flow of the Mississippi and is the means by which barges are able to navigate the river.

As we leave the Locks & Dam, we begin our drive along the Great River Road (recognized as one of the most scenic river drives in the country) to Aerie's Winery in Grafton, IL. By now, we've had a lot of educational input, so this will be our time to relax a bit while actually experiencing the river in a unique way! This winery is located atop the bluffs of the majestic Mississippi with breathtaking views of the confluence of the Illinois and Mississippi Rivers. To get to those views, we'll soar over the treetops in a chondola. Yes, that's spelled correctly! This is a hybrid, enclosed lift that combines the elements of a chairlift and a gondola lift. We will arrive and depart the winery this way. While at the winery, you may have an optional wine tasting (\$5) and/or other beverage of your choice (on your own).

Leaving the winery, we'll travel about 10 minutes up the road to Pere Marquette Lodge in Pere Marquette State Park where we'll have dinner and spend the night. The main part of the Lodge was built by the Civilian Conservation Corps during the Great Depression of the '30s and is nestled in a very scenic area with a terrace and walking areas that you can enjoy. It features a 700-ton stone fireplace in the Great Room, a life-size chess set, an indoor pool, and an on-site winery. The rooms are cozy by our new hotel standards but have been modernized. After we get settled in and freshened up, we'll be treated to their popular fried chicken dinner with all the fixings (included in trip cost). The rest of the evening is yours for relaxation of your choice.

The next morning we'll begin with a buffet breakfast at the Lodge and then head out at 9:30 a.m. for the Grafton Harbor where we'll board the Hakuna Matata (no worries!) for a boat cruise of the Mississippi and/or Illinois Rivers. This is another way to experience the river! Some drinks/snacks will be available for you to purchase.

We then travel south to Collinsville, IL, where we'll have a tour, tasting, and lunch at Old Herald Brewery & Distillery. This former site of the Collinsville Herald newspaper has been transformed into a full service restaurant, production brewery, and craft distillery. Craft beers such as Proofreader Pale and Printer's Ink harken back to the site's printing history. The tour, tasting, and buffet lunch are included in cost of the trip.

After lunch, we have about a 10 minute drive to Cahokia Mounds State Historic Site. Here we explore the remains of the most sophisticated Indian civilization north of Mexico from about 700 A.D. to 1300. The site was once home to nearly 20,000 Native American Indians and is designated as one of 24 World Heritage Sites in the U.S.

We'll all view the wonderful "City of the Sun" video followed by self-guided viewing of the interpretive center inside and/or hiking the interpretive trails outside.

(Continued on next page)

TRIPS Continued

The largest mound, Monks Mound, has 147 steps to the top and affords a great view of the region, including downtown St. Louis and the Gateway Arch (on a clear day). The climb is purely optional, and we'll decide at the time if there is interest for **some** to do that.

As we leave Cahokia Mounds, we'll cross the Mississippi once more and head for home with a comfort stop in Warrenton and arrive back at Walmart in Jefferson City by approximately 6:40 p.m. We hope you will have gained a new appreciation for the power, usefulness, and beauty of one of our most precious resources: the river.

**Washington: Small Town Missouri
One More Time**
Thursday, June 18, 2020

This is a repeat of our trip to Washington, MO, from July 2019 with a couple of minor changes. We have added a guided tour of St. Francis Borgia Catholic Church, and we will be eating at a different restaurant.

Washington was founded by 12 Catholic families in the fall of 1833. The lush, green, rolling hills and river valley reminded them of their homeland. The Missouri River offered a natural landing, and this made it an ideal place for a settlement. In May 1839, 50 acres of this area were officially established as the City of Washington.

Our step-on guide, Emily, will tell us about many of Washington's historic structures that still remain today. We will make stops at the Gary Lucy Gallery, the Missouri Meerschaum Corn Cob Pipe Factory Museum, the Iron Spike Model Train Museum, and the Historical Society Museum. In addition, we will have a guide to explain the unique features of St. Francis Borgia Church.

(Continued in next column)

Lunch (included) will be at Sugarfire Smoke House. We will have a special menu to order from prior to our arrival (this info will be included in your travel letter, which you should receive several weeks before our trip). Time has been allowed for shopping in the historic downtown area—which includes the Main Street Creamery (delicious ice cream treats)!

Depart: 7:45 a.m.
Return: 7:00 p.m.

This course celebrates the bicentennials of Cole County (2020) and Missouri (2021) with a little of this and a little of that. Join us as various presenters offer “A Potpourri of Cole County/Missouri History” in the midst of winter.

Session One: January 28 -- Who was here first? Bob Priddy will enthrall us with the story of how our capital city originated with ideas of Cote San Dessein and Howard’s Bluff, and the political intrigue and strategies to land the choice location for the capital of the state of Missouri. He will be followed by Rodney Garnett, whose family has deep roots in Marion, one of the first villages in Cole County. He will share his information about the roots of Cole County, Howard’s Bluff, and Marion.

Session Three: February 11 -- A potpourri of stories about local history by Michelle Brooks will include the struggle of illiterate soldiers of the 62nd USCT to help their fellow former slaves find a place to learn to read and survive in freedom. She will also tell us about the Tuskegee Airmen during WW II who came to Lincoln University to learn to fly. Also, she will explore the development of news in Jefferson City with the history of the Jefferson City News Tribune.

INTRODUCTION TO PICKLEBALL

Time: 10:00 - 12:00 noon
 Dates: Tuesdays, March 3, 10, 17, 24
 Place: LINC Gymnasium, 1299 Lafayette Street

The term “lifetime sport” is often used to describe sports like swimming or golf because they can be played by people of any age. When it comes to exercise and fun, what could be better than a lifetime sport? I’m going to propose a new term for a sport that is better because it is not only lifetime, but it is inclusive of people of all stripes, all skill levels, is socially binding, and addictively fun. This new term is “universal,” and its accompanying sport is pickleball.

Pickleball is actually not a new sport at all. It was invented in 1965 in Bainbridge Island, Washington. It is often described as a cross between tennis and ping pong, but in reality, it is a game all its own. It is most often played in a doubles format on a court that is smaller than a tennis court. The court dimensions make it physically accessible and easy to learn. It is also relatively inexpensive, with the only necessary equipment being a paddle, a wiffle-like ball, and a net.

COURSES JANUARY — JUNE 2020

If you would like to learn to play pickleball, come join us for this introductory course. Come dressed in loose fitting clothing and sneakers for exercise. All sport equipment and handouts with rules will be furnished.

MOVIES: WOMEN AND THE VOTE

Time: 1:30 - 3:30 p.m.

Dates: Wednesdays, March 4, 11, 18, 25

Place: MRRL, 214 Adams Street, 2nd floor

March 4: *The Ballad of Josie* This 1967 movie is a pleasant, innocuous Doris Day comedy about sheep-cattle range wars, and women's rights, in pre-1890, pre-statehood Wyoming. Also starring is Peter Graves and George Kennedy.

March 11: *Suffragette* In early 20th-century Britain, the growing suffragette movement forever changes the life of working wife and mother Maud Watts (Carey Mulligan). Galvanized by political activist Emmeline Pankhurst (Meryl Streep), Watts joins a diverse group of women who fight for equality and the right to vote. Faced with increasing police action, Maud and her dedicated suffragettes must play a dangerous game of cat-and-mouse, risking their jobs, homes, family, and lives for a just cause.

March 18: *Iron Jawed Angels* Alice Paul and the women of the 1917 Women's Suffrage movement fight for future generations' right to vote and run for office. Sacrificing their health, marriages, and the limited amount of freedom they had, women were imprisoned and force fed after picketing and hunger-striking against war-time president, Woodrow Wilson; but they survived to see the results of their efforts. This 2004 movie includes two Oscar winners: Hilary Swank and Anjelica Huston.

March 25: *14 Women* When the historic 109th Congress convened, the number of women in the Senate increased to an unprecedented 14. Now their struggle to balance family and politics is chronicled in this heartwarming look at the most powerful women in America. A story of perseverance and poise, 14 Women will inspire and uplift audiences of all ages! This is a documentary that was released on June 14, 2007.

COMPUTERS — ARE THEY TAKING OVER?

Time: 10:00 - 12:00 noon
Date: Wednesday, February 12
Place: Masonic Lodge

Computers are now commonplace. Even our phones are computers. Where are we going with them? They can program a house for a paraplegic; they can answer questions; they can find you.

They can chart what you like to buy or where you want to go on vacation and tell you how to get there. They can program machines to do your work.

Companies can program computers to answer phone inquiries and “chat” with customers. Now, they are talking to each other and making up their own language.

Where are we going? Invasion of privacy? Artificial Intelligence? Robotics? Dangers ahead? Challenging possibilities?

Glenn Mertens, owner of Smart Solutions, Inc., will join us to discuss the increased impact on our lives by computers, our privacy concerns, and what the future may hold. He will also share his work to computerize a home for a paraplegic to live alone.
